SCHEDULE OF EMPLOYER ALLOCATION, SCHEDULE OF PENSION AMOUNTS BY EMPLOYER, OTHER PENSION SCHEDULES AND INDEPENDENT AUDITORS' REPORT

YEARS ENDED SEPTEMBER 30, 2020 AND 2019

# INDEPENDENT AUDITORS' REPORT 

Board of Trustees
Republic of Palau Civil Service Pension Trust Fund

We have audited the accompanying schedule of employer allocations of the Republic of Palau Civil Service Pension Trust Fund (the Fund), a component unit of the Republic of Palau, as of and for the years ended September 30, 2020 and 2019, and the related notes. We have also audited the totals of the columns titled net pension liability, total deferred outflows of resources, total deferred inflows of resources, and total employer pension expense as of and for the years ended September 30, 2020 and 2019, included in the accompanying schedules of pension amounts by employer, the totals for all employers in the schedule of net pension liability sensitivity by employer (September 30, 2020), the schedule of allocable pension amortization by employer (September 30, 2020), and the schedule of employers' contributions by employer (September 30, 2020 and 2019) (other pension schedules), and the related notes.

## Management's Responsibility for the Schedules

Management is responsible for the preparation and fair presentation of these schedules in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the schedules that are free from material misstatement, whether due to fraud or error.

## Auditor's Responsibility

Our responsibility is to express opinions on the schedule of employer allocations, the specified column totals included in the schedule of pension amounts by employer, and the specified column totals included in the other pension schedules based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the schedule of employer allocations and specified column totals included in the schedule of pension amounts by employer and other pension schedules are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the schedule of employer allocations, the specified column totals included in the schedule of pension amounts by employer and in the other pension schedules. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the schedule of employer allocations, specified column totals included in the schedule of pension amounts by employer and other pension schedules, whether due to fraud or error.

In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the schedule of employer allocations, specified column totals included in the schedule of pension amounts by employer and other pension schedules in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the schedule of employer allocations, specified column totals included in the schedule of pension amounts by employer and other pension schedules.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## Opinions

In our opinion, the schedules referred to above present fairly, in all material respects, the employer allocations of net pension liability, deferred outflows of resources, deferred inflows of resources, and employer pension expense for all participating entities for the Fund as of and for the years ended September 30, 2020 and 2019, in accordance with accounting principles generally accepted in the United States of America.

## Emphasis of Matters

## Net Pension Liability

The Fund's actuarial valuation indicates that the Fund has a net pension liability of \$344,384,167 as of September 30, 2020, which, assuming current contribution rates, would cause the Fund's fiduciary net position to become negative in 2025.

COVID-19
Economic uncertainties as a result of the COVID-19 coronavirus pandemic may negatively impact the Fund's net pension liability as described in note 8 to Schedule of Employer Allocation, Schedule of Pension Amounts by Employer, and Other Pension Schedules.

Our opinion is not modified with respect to these matters.

## Other Matter

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, the financial statements of the Republic of Palau Civil Service Trust Fund as of and for the years ended September 30, 2020 and 2019, and our report thereon, dated July 25, 2022, expressed an unmodified opinion on those financial statements.

## Restriction on Use

Our report is intended solely for the information and use of the management of Republic of Palau Civil Service Pension Trust Fund, the Board of Trustees, the participating employers of the Republic of Palau Civil Service Pension Trust Fund and their auditors and is not intended to be and should not be used by anyone other than these specified parties.

# REPUBLIC OF PALAU <br> CIVIL SERVICE PENSION TRUST FUND 

Notes to Schedules
September 30, 2020 and 2019

## (1) Plan Description

The following brief description of the Republic of Palau Civil Service Pension Trust Fund (the Fund) is provided for general information purposes only.

## General

The Fund is a defined benefit, cost sharing multiple employer plan, which is a component unit of the Republic of Palau (ROP) National Government, providing retirement, security and other benefits to employees, their spouses and dependents, of the ROP, ROP State Governments and ROP agencies, funds and public corporations. The Fund was established pursuant to Republic of Palau Public Law (RPPL) No. 2-26 passed into law on April 3, 1987, and began operations on October 1, 1987. Portions of RPPL No. 2-26 were revised by RPPL 3-21, RPPL 4-40, RPPL 4-49, RPPL 5-30, RPPL 6-37, RPPL 7-56, RPPL 8-10 and RPPL 9-2.

## Membership

The ROP National Government, ROP State Governments and ROP public corporations, quasigovernmental organizations and other public entities of the National and State Governments of ROP, are participating in the Fund. Membership consisted of the following as of October 1, 2019 (the valuation date):

Inactive members or beneficiaries currently receiving benefits 1,629
Inactive members entitled to but not yet receiving benefits 270
Inactive nonvested members 982
Active members $\quad 3,480$
Total members $\underline{\underline{6,361}}$
Summary of the Principal Provisions of the Plan
Effective date: October 1, 1987
Plan year: $\quad$ October 1 through September 30

## Eligibility to Participate

All persons becoming full-time employees of a participating agency before attaining the age of sixty shall become members as a condition of employment.

## Service

Vesting Service: Includes membership service and prior service credit.
Membership Service: A year of membership service is earned for a year of service rendered a participating agency. Years of membership service shall be rounded to the nearest one year. Membership service includes accumulated sick leave and vacation leave.

Prior Service Credit: Persons becoming members of the Plan on October 1, 1987 are entitled to Prior Service Credit for services rendered as an employee of participating agencies, the Trust Territory of the Pacific Islands (TTPI), and the United States Naval Government after World War II and before the establishment of the TTPI.

## (1) Plan Description, Continued

## Pension Benefits

Retirement benefits are paid to members who are required, with certain exceptions, to retire no later than their sixtieth birthday or after thirty years of service. A member may retire after his or her fifty-fifth birthday at a reduced pension amount if the member has completed at least twenty years of government employment. A married member of a former member receiving a distribution of benefits under the Pension Fund receives reduced benefit amounts to provide survivors' benefits to his or her spouse. An unmarried member or former member may elect to receive a reduced benefit amount during his or her lifetime with an annuity payable to his or her designated beneficiary. Disability benefits are paid to qualified members for the duration of the disability. Effective May 17, 1996, through RPPL 449, members, who have twenty-five years or more of total service, are eligible for retirement regardless of their age and, upon such retirement, are eligible to receive pension benefits at a level established by the Board. Effective July 1, 1999, pursuant to RPPL 4-49 and RPPL 530 , retirement is mandatory for all members who have thirty years or more of total service and all employees who are sixty years of age or older with certain exceptions. Beginning October 1, 2003, pursuant to RPPL 6-37, mandatory retirement may be delayed for up to five years, by specific exemption by the Board. In December 2008, RPPL 7-56 eliminated early retirement and thirty-year mandatory service provisions. These provisions were restored through RPPL 8-10 in October 2009. On April 30, 2013, RPPL 9-2 eliminated the mandatory service retirement after thirty years of service. After December 31, 2013, no employee shall be entitled to pension benefits until reaching the age of sixty.

In accordance with the directives of RPPL 5-7, the Board adopted a resolution which provides that "no person who retires after October 1, 1997, may receive benefits under the Plan unless he or she has contributed to the Plan for at least five years or has made an actuarially equivalent lump sum contribution". In accordance with RPPL 9-2, members who retire after April 30, 2013 must not receive benefits greater than thirty thousand dollars per year. Further, the amount of benefits that a member receives should not be recalculated if the member is re-employed after the member begins receiving benefits under the Fund. Additionally, a member should not receive benefits during the time the member is reemployed subsequent to retirement.

Currently, normal benefits are paid monthly and are two percent of each member's average monthly salary for each year of credited total service up to a maximum of thirty years total service. The average annual salary is the average of the highest three consecutive fiscal years of compensation received by a member during his or her most recent ten full fiscal years of service. For members who have not completed three consecutive fiscal years of employment during his or her most recent ten full fiscal years of service, the average annual salary is the average monthly salary during the term of the member's service multiplied by twelve.

The benefit amount that married members or unmarried members receive, who have elected to designate a beneficiary, is based on the normal benefit amount reduced by the following factors:

| 0.75 | 6 to 10 years younger than the member |
| 0.70 | 11 to 15 years younger than the member |
| 0.65 | 16 or more years younger than the member |

Surviving beneficiaries of an employee may only receive benefits up to the total present value of the employee's accrued benefit pursuant to RPPL 9-2.

A member that meets the requirements for early retirement and elects to retire on an early retirement date is entitled to receive payment of an early retirement benefit equal to the member's normal retirement benefit reduced according to the following schedule based on the age at which early retirement benefit payments begin:

- $1 / 12^{\text {th }}$ per year for the first 3 years before age 60 ;
- plus an additional $1 / 18^{\text {th }}$ per year for the next 3 years;
- plus an additional $1 / 24^{\text {th }}$ per year for the next 5 years; and
- plus an additional $1 / 50^{\text {th }}$ per year for each year in excess of 11 years.

Upon the death of a member or former member with eligible survivors before commencement of the members' normal, early, or late retirement benefits or disability retirement benefits the following shall be payable:

- If the former member is not an employee at his date of death and a spouse or beneficiary survives, the total death benefits payable shall be the actuarial equivalent of the member's present value of accrued benefit.
- If the member is an employee at his date of death and a spouse or beneficiary survives, the total death benefit payable shall be the actuarial equivalent of the greater of 3 times the member's average annual salary or the member's present value of accrued benefits.

Upon the death of a member or former member before commencement of his normal, early, or late retirement benefit or disability retirement benefit leaving no persons eligible for survivor benefits, the following shall be payable:

- If the former member is not an employee at the date of death, a refund of the total amount of contributions made by the member.
- If the member was an employee at the date of death and had completed one year or more of total service, the estate of the member shall be entitled to a death benefit equal to the greater of three times the member's annual salary or the present value of the member's accrued benefit payable in the form of a single lump sum payment.

## (1) Plan Description, Continued

## Pension Benefits, Continued

Any member who is not otherwise eligible to receive normal, early or late retirement benefits, who shall become totally and permanently disabled for service regardless of how or where the disability occurred, shall be entitled to a disability retirement annuity, provided that he or she is not receiving disability payments from the United States Government or its agencies for substantially the same ailment, and further provided that to be eligible for a disability retirement annuity from a cause unrelated to service, the member shall have had at least ten (10) years of total service credited. The amount of disability retirement annuity shall be an amount equal to the actuarial equivalent at the attained age of the member's present value of accrued benefit and shall be paid in the same form as a normal retirement benefit. Any special compensation allowance received or payable to any member because of disability resulting from accidental causes while in the performance of a specific act or acts of duty shall be deducted from the disability annuity payable by the Plan on account of the same disability.

## Member Contributions

Member contribution rates are established by RPPL No. 2-26 at six percent of total payroll and are deducted from the member's salary and remitted by participating employers. Upon complete separation from service, a member with less than fifteen years membership service may elect to receive a refund of all of his or her contributions. Subsequent changes in the percentage contributed by members may be made through an amendment of the Trust Fund Operation Plan subject to the requirements of Title 6 of the Palau National Code. RPPL 9-2 requires each employee of the National Government and all State Governments, without regard to whether the employee is employed part-time or on a temporary basis, seasonal or an impermanent basis, to contribute to the Fund through payroll deduction.

## Employer and Other Contributions

Employers are required to contribute an amount equal to that contributed by employees. Pursuant to RPPL No. 2-26 and RPPL No. 3-21, the Government of the Republic of Palau must from time to time contribute additional sums to the Fund in order to keep the Fund on a sound actuarial basis. RPPL 9-2 requires the Government of ROP to make regular contributions to the Fund equal to the amount contributed by each and every employee of ROP. Additionally, an excise tax of four percent (4\%) is levied against each non-citizen person transferring money out of ROP. The money transfer tax must be remitted to the Fund.

## (2) Summary of Significant Accounting Policies

## Basis of Accounting and Disclosure

The schedules are presented in accordance with the standards issued by the Governmental Accounting Standards Board (GASB), which is the generally accepted standard setting body for establishing accounting principles generally accepted in the United States of America for governmental entities. As prescribed by GASB, the schedules are reported using the economic resources measurement focus and the accrual basis of accounting.

## (2) Summary of Significant Accounting Policies, Continued

## Basis of Accounting and Disclosure, Continued

Employer and employee contributions are recognized as revenues when due, pursuant to formal commitments, as well as statutory and contractual requirements that coincide with the period in which employee services are performed. Deductions from the Fund's assets are recorded when corresponding liabilities are incurred, regardless of when paid. Benefits and refunds are recognized when due and are payable in accordance with Fund policy. The cost of administering the Fund is paid out of the assets of the Fund.

For purposes of measuring the net pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense, information about the fiduciary net position of the Fund and additions to/deductions from the Fund's fiduciary net position have been determined on the same basis as they are reported by the Fund. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

## Recognition of Deferred Outflows and Inflows of Resources

Changes from differences between expected and actual experience and assumption changes are recognized over the average expected remaining service life of all employees provided with benefits through the pension plan as of the beginning of the measurement period, while differences in investment gains/losses from actuarial expectations are recognized equally over five years. As of September 30, 2020, the average remaining service life was 6.82 years, 7.03 years as of September 30, 2019 and 2018, 6.83 years as of September 30, 2017, 2016 and 2015, and 6.20 years as of September 30, 2014.

## Estimates

The preparation of the schedules in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts and disclosures. Actual results could differ from those estimates.

## (3) Net Pension Liability

The components of the employers' net pension liability as of September 30, 2020 and 2019 were as follows:

The long-term expected rate of return on the Fund's investments of $6.74 \%$ was determined using log-normal distribution analysis, creating a best-estimate range for each asset class. As of September 30, 2020, the arithmetic real rates of return for each major investment class are as follows:

## Discount Rate

The discount rate used to measure the total pension liability was $2.28 \%$ at the current measurement date and $2.85 \%$ at the prior measurement date. The discount rate was determined using the current assumed rate of return of $6.74 \%$ until the point where the plan fiduciary net position is negative. Using the current contribution rates, a negative position happens in 2025. For years on or after 2025, the Municipal Bond Index Rate of $2.22 \%$ was used. The Municipal Bond Index Rate from the prior measurement date was 2.81\%.

## Sensitivity of Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the Fund as of September 30, 2020, calculated using the discount rate of $2.28 \%$, as well as what the net pension liability would be if it were calculated using a discount rate that is $1.00 \%$ lower (1.28\%) or $1.00 \%$ higher (3.28\%) from the current rate.

## (5) Average Remaining Service Life

GASB Statement No. 68, Accounting and Financial Reporting for Pensions, requires that changes arising from differences between expected and actual experience and from changes in actual assumptions be recognized in pension expense over the average remaining service life of all employees provided with benefits through the pension plan (active and inactive). These differences are considered on a pooled basis, rather than an individual basis, in order to reflect the expected remaining service life of the entire pool of employees, with the understanding that inactive employees have no remaining service period. As of September 30, 2020 and 2019, the average of the expected remaining service lives of all employees as calculated by the Fund's independent actuaries was 6.82 and 7.03 years, respectively.

## (6) Pension Expense

The components of pension expense for the years ended September 30, 2020 and 2019 are as follows:

## (8) COVID-19 Pandemic

Economic uncertainties have arisen as a result of the COVID-19 pandemic and this matter has negatively impacted the ROP, ROP State Governments and ROP agencies, and ROP public corporations. The Fund expects this matter to negatively impact its future financial results particularly the net pension liability; however, the related financial impact cannot be reasonably estimated at this time. Other financial impacts could occur though such potential impact is unknown.

## (9) Subsequent Event

Effective October 1, 2021, in accordance with the Fund's Resolution 004-2021, the Civil Service Pension Plan Operation Plan will exclude future participants that are Non-Palauan citizens.

## (10) Additional Financial and Actuarial Information

Additional financial information supporting the preparation of the schedule of employer allocations, schedule of pension amounts by employer and other pension schedules (including the disclosure of the net pension liability and the unmodified audit opinion of the financial statements) is located in the Fund's financial statements for the years ended September 30, 2020 and 2019.
